

Augusta Industrial Parks

The Township of Augusta is home to several large industries including Airgas, Chemours Canada Company, Dyno Nobel, Engreen, Evonik Canada Inc., Invista (Canada) Company, Royal Canadian Bedrock, and Valero. Augusta is also home to many thriving small businesses and agricultural operations. Our Industrial Parks are strategically located on County Road 2 near Highway 401 and an increasing number of small businesses are calling Augusta Township home. We are, after all, a community of opportunity.

“Entrepreneurs in a number of business sectors are drawn to the quiet country ambiance of our area, while being located in close proximity to larger centres.”
